GEMINI TOUCH 24/28 EXTERNAL VIEW

The Gemini Touch terminals act as both a Scratch Vending Machine to distribute Scratch Tickets and also operates in self-service mode to perform Draw Game functions. The barcode reader can be used by players to scan their scratch and draw game tickets to see if they are winners.

OPENING THE MAIN DOOR

- Insert the Main Door (MD) key into the main door lock located top-right of the playslip reader.
- To open the door, pull up on the lever located on the right side of the door.
- An audible alarm begins sounding as soon as the door is open. To silence the alarm, you must sign-on to the terminal.

RETAILER SIGN-IN

- Open the Gemini Touch Main Door.
- The display prompts you to sign on. Enter your 6-digit Username and 4-digit Password.
- Touch the **GREEN CHECKMARK**.
- After a successful Sign-In, the Manager Functions Menu will display.

MANAGER FUNCTIONS

- The Gemini Touch Home Screen, or Manager Functions Menu, is available once you are signed in. This menu provides access to the terminal management functions.
- Access this menu from any of the administrative screens by touching the **HOME** button.

REMOTE CONTROL

- Remote disable is a feature on the Gemini Touch and is intended to discourage underage use. This feature allows store personnel to "disable" the machine via a remote control.
- To disable the machine, press the "I" button on the remote transmitter. To reactivate, press the "I" button again.
- Although the Gemini Touch is configured with one remote, multiple Gemini Touch's in one location can be affected by any remote used.
- **When needed, Retailers can use the Remote to clear available credits on SSTs and print Refund slips.**

VIDEO HELP

- Touch **VIDEO HELP** from the Manager Functions menu.
- Follow the on-screen prompts to view the help videos.

LOADING PAPER

- Pulling out the printer to open and pull up the green cover button on the top.
- Remove the old paper roll.
- Insert new paper roll.
- **NOTE:** Paper feeds from the top of the paper roll when it is inserted into the printer.
- Close the green button and feed the paper through the printer.
- The paper will advance and cut automatically.

NOTE: The paper stock in the Gemini Touch can be substituted with the paper stock used by the terminal printer.

CASH BOX UNLOADING

- Open the Bill Acceptor door with the Bill Acceptor key and gently tilt the door.
- Pull out the Cash Box by grasping the yellow handle and pulling straight out.
- **NOTE:** The Cash Box opening is on the bottom of the Cash Box and may contain a separate lock.
- To open the Cash Box, squeeze the yellow latch and slide the bottom cover open to access the contents.
- Remove cash from the Cash Box, then replace the Cash Box.
- Print and clear the Shift Report (See Shift Report).

BILL ACCEPTOR JAMS

- Open the Bill Acceptor door with the bill acceptor key and gently tilt the assembly down.
- Turn off the power first before removing the bill acceptor module by pushing up on the silver latch bar and pulling straight out.
- Gently lift the read head from the bill acceptor. This allows you to clear jammed bills.
- After the bill acceptor has been cleared, gently slide it back into its locked position. If the bill acceptor is put into its proper position it will reset after 10 seconds.

DEBIT / SHOPPING CART

Cash/Winnings or Card payment can be made after the completion of the shopping cart session on the touchscreen of the Lottery vending machine.

- **Credit card, tap to pay, or any mobile pay options are not available at this time.**
- **Cannot combine a partial cash payment with a debit payment.**
- **All shopping carts are required to be paid with either cash/winnings, or debit (not a combination of both).**

HOW TO USE DEBIT CARDS WITH SHOPPING CART:

1. Touch screen to activate
2. Make selections for draw games or/and scratch games
3. Continue shopping or select **Cart** to Checkout
4. Continue shopping or select **Checkout** to purchase

5. Select a payment method Pay with **Cash/Winnings** or **Pay with Debit**
6. If paying with Debit, follow instructions on the Verifone card reader, located on the right side of the SST.
7. After a 3-7 seconds initialization period, the card reader will prompt customers to insert their card.
8. Insert or Swipe Card and follow the ZIP code prompts.
9. The card reader will instruct player to remove their card before completing the transaction, and tickets are dispensed.

NOTE:

- **After 60 seconds, an idle shopping cart will be emptied.**
- **Receipts for completed purchases are not provided. A receipt will automatically print if there is an error when dispensing tickets.**
- **Do not give the players cash refunds related to Debit transaction.**
- **Debit payment option is disabled if winnings or cash are inserted to begin the transaction.**

- Touch **CLEAR SHIFT** to print the report and clear the Shift at the same time. Once the Shift Report is cleared, this will re-start a new accounting period making the previous shift no longer printable.
- Shift Report holds sales information up to 21 days. (It automatically clears every 21 days).

CASH RECONCILIATION

Scratch Sales + Draw Sales + Refund – Reinvestment – Debit = Total Cash on Hand

SCRATCH FUNCTIONS

SCRATCH TICKET MANAGEMENT

Allows the machine's bin inventory to be added, removed and changed. There are two methods for loading tickets into the terminal; Barcode & Manually.

Pull out the bin tray before loading tickets. A safety latch on the right side of each tray allows only one row to be pulled out at a time. To replace, push the row back into place and the latch snaps back automatically.

The Gemini Touch uses a "Games Table" to keep track of all previously loaded games. Once a game is loaded and a ticket from a pack of the same game is scanned, the program knows all the necessary information about that game. When using the barcode scanner to load and unload the tickets, the machine checks with the Games Table and uses the provided information.

QUICK LOAD USING BAR CODE SCANNER: FULL PACK IN AN EMPTY BIN.
